Beverage Menu

Lebanese cuisine is widely acknowledged to be the finest in the Middle East. The country's gastronomic tradition is characterized using a wide variety of locally produced vegetables so as to be as fresh as possible. These vegetables are served in all shapes and forms with an abundance of fresh herbs such as coriander, parsley and mint. Equally popular foods found in Lebanon are onions, garlic, eggplant, pomegranate, figs, dates, olives, chickpeas (garbanzo beans), grapes, wheat, and barley. The animals present are also numerous including sheep, chicken, goats, and more.

Ayamna's beverage menu includes exquisite drinking inspired by Lebanese authenticity and boosted with a contemporary touch to accompany our Mezze and Signature dishes based on their freshness, smoothness and modernity. You can be sure that Ayamna's drinks' menu surpasses what is popularly accepted so that your dining experience is taken to the next level.
