

*According to Greek
mythology,
Oak Nymphs known as
“Hamadryads”
lived in the trees.*

*It is even said that the first
humans were created from acorns.
Born directly from the earth and
the oak trees, these humans were
lived in harmony with nature.*

*Thus, the acorn represents
the idea of growth, potential, and
the strong bond between living
beings and nature
and serves as a reminder of the
interconnectedness of all life
and the importance
of respecting and protecting
the natural world.*
