WELLNESS

GENTLEMAN'S TONIC

In 2004, Gentlemen's Tonic was founded in the heart of Mayfair, London, with a mission to elevate luxury grooming for men. What began as a single spa quickly grew into a global brand, with locations in some of the world's most exciting cities - and now, it has arrived at One&Only Portonovi. Known for its exceptional service and innovative treatments, Gentlemen's Tonic has become a leader in men's grooming, offering scientifically advanced, natural skincare and haircare products. Trusted by prestigious five-star hotels, luxury airlines, and top department stores worldwide, its products embody quality and sophistication. Now, you can enjoy Gentlemen's Tonic's exclusive amenities line, crafted with the finest ingredients and patented formulas - delivering a luxurious grooming experience that's sure to leave a lasting impression.

WHAT MAKES IT SPECIAL

Gentlemen's Tonic products are crafted with men's skin and hair in mind, using the finest natural, plant-derived ingredients sourced from renewable resources. Free from synthetic materials, harmful additives, and parabens, the range cleanses, hydrates, and smooths, with ingredients that also offer uplifting and tension-relieving benefits. The collection is complemented by Gentlemen's Tonic's award-winning signature scent.

SIGNATURE SCENT

At the heart of Gentlemen's Tonic's core range is the bespoke signature scent, Babassu & Bergamot. Formulated to be both subtly evocative and sophisticated, this unique fragrance blends a citrus accord of Sicilian lemon and orange with energizing bergamot. The result is a scent that soothes and relaxes the mind and body, offering an understated yet intoxicating experience with every use. Babassu & Bergamot is now available exclusively at One&Only Portonovi.

WELLNESS

PAIN RELIEF TREATMENT

This fully personalized 75-minute session is designed to address acute and chronic pain conditions, particularly in the cervical and lumbar regions. Following a detailed assessment, Bojan applies a combination of advanced therapeutic techniques to reduce pain, restore mobility, and improve neuromuscular control.

Depending on the individual presentation, the session may integrate manual therapy, trigger point therapy, soft tissue mobilization techniques, dry needling, kinesiology taping, and elements of neuromuscular activation to correct muscular imbalances and restore proper movement patterns. By addressing the underlying biomechanical and neuromuscular contributors to dysfunction rather than focusing solely on symptoms, the treatment promotes sustainable recovery and improved functional performance.

CRANIAL RELIEF

This 40-minute focused treatment applies precise manual techniques to the cranium, spine, and sacral region to influence neuromuscular regulation and cerebrospinal fluid dynamics. It is a structured, therapeutic intervention designed to reduce mechanical restrictions, improve neural communication, and support autonomic regulation.

Particularly beneficial for stress-related muscular tension, headaches, postural strain, and overload of the cervical spine, this treatment works to restore functional balance within the central nervous system and improve overall neuromuscular efficiency.

NEUROMUSCULAR ACTIVATION TREATMENT

Lean muscle mass naturally diminishes with age, and targeted strength activation is essential to preserve and enhance muscle quality at every stage of life. This 60-minute session focuses on objective assessment and activation of neuromuscular performance using high-precision measuring systems.

Bojan evaluates maximum muscular force, strength symmetry, endurance capacity, balance, coordination, and overall movement efficiency. Based on the findings, a structured activation protocol is implemented to improve strength output, restore muscular balance, enhance joint stability, and optimize functional ability. This treatment is ideal for individuals seeking performance optimization, injury prevention, or a structured return-to-activity programme.

INFORMATION

INFORMATION

WEATHER IN MONTENEGRO

Montenegro has a Mediterranean climate on the coast, with alpine conditions in the mountains. The weather is mild, with the average daytime winter temperature being 7°C (44°F). The average summer temperature is 27°C (81°F), and the sea is warm enough to swim from May to October.

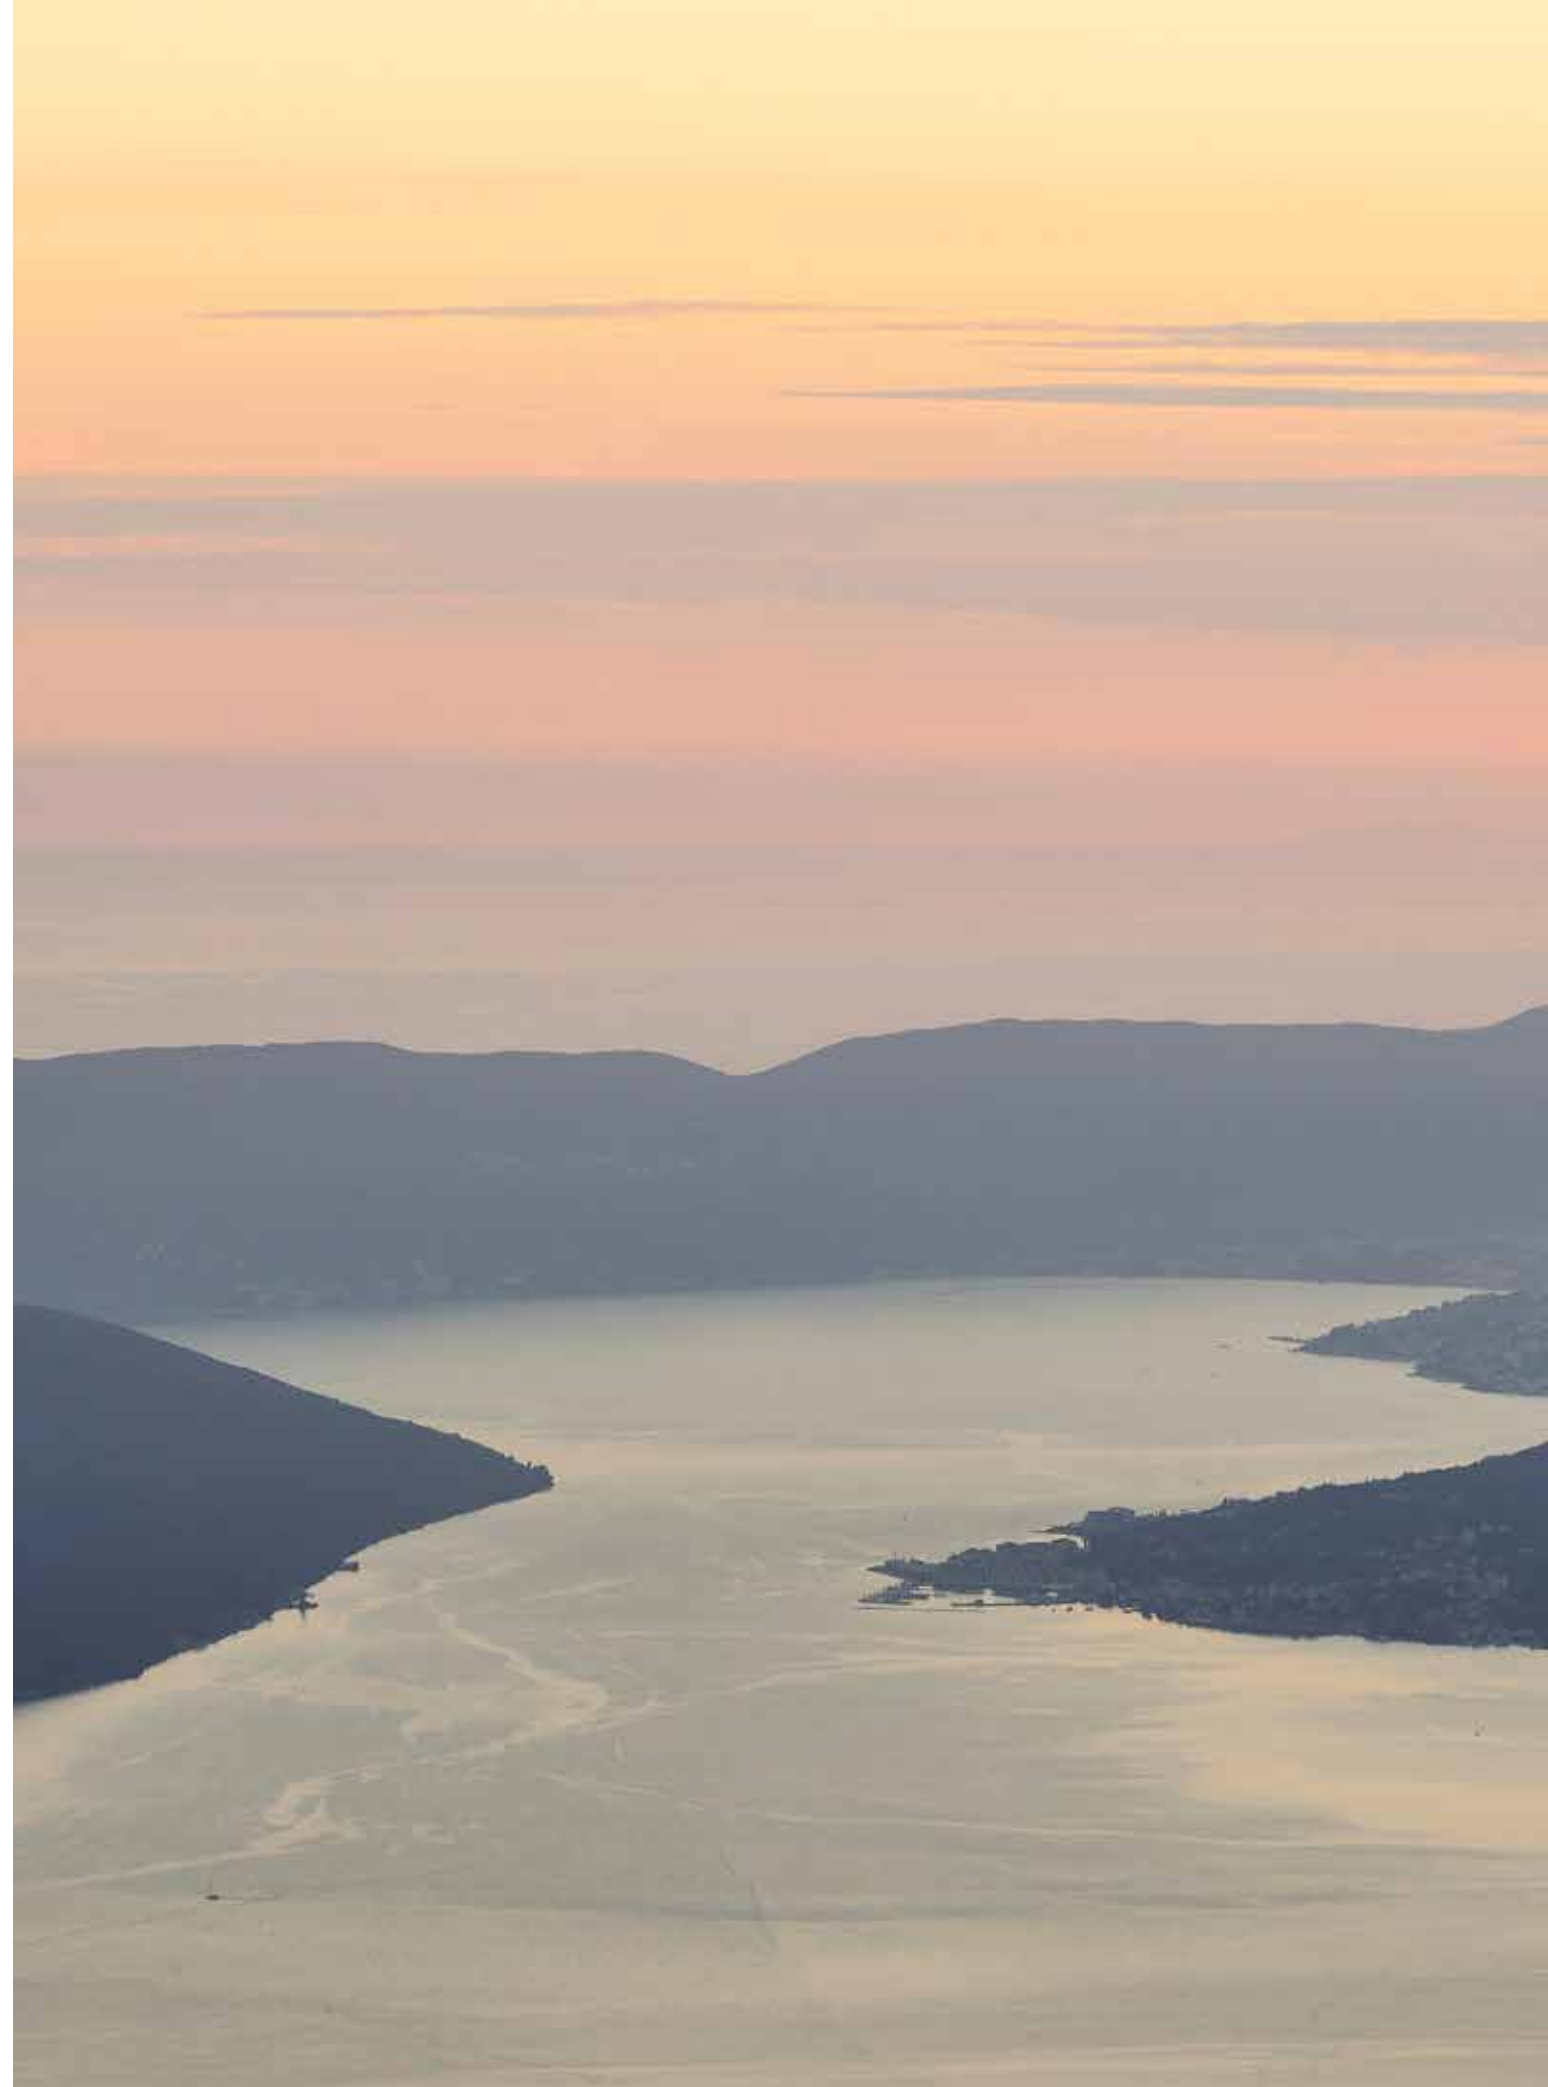

ATTIRE GUIDE

For all outdoor activities we recommend suitable outdoor clothing, appropriate to the season and weather. The weather on the coast and in the mountains ranges from very warm sunny days in summer to rainy spells and chilly conditions during winter evenings. We recommend that you pack attire suitable for these conditions and activities, particularly comfortable clothes and closed shoes for hikes, sunglasses and hat / cap for sunny weather, as well as sun protection and a swimsuit, if you decide to have a swim during the activity.

It is recommended to bring a camera to capture panoramic snapshots.

TIME ZONE

Montenegro is GMT/UTC + 1h during Standard Time, and GMT/UTC + 2h during Daylight Saving Time.

ONE&ONLY INSIGHTS

Architect Jean-Michel Gathy envisioned our resort with a contemporary take on Venetian and Ottoman architecture, gracefully embracing the region's rich heritage.

Echoing the symbol of the Herceg Novi Riviera our bespoke chandeliers mimic Mimosa blossoms. Blooming in February, the flowers serve as a reminder of the summer days to come as the yellow petals brighten the seaside winters.

Capturing the essence of an active, healthy and balanced lifestyle, Chenot Espace introduces a unique wellness concept, combining the latest scientific advances in western medicine and diagnostics with the best in Chinese and alternative therapies to reboot your body, mind and spirit.

The resort is near historic towns Perast and Kotor, both UNESCO World Heritage Sites, as well as the Herceg Novi old town boasting eclectic architecture and medieval fortresses. Don't miss the chance to explore and fully enjoy your Montenegrin adventure.

Our boats, Bianca, Rosa, and Nera, pay homage to the legend of the Three Sisters from Montenegro. Join us on the Boka Bay tour to explore their captivating story, visit the house where it unfolded, and keep an eye out for the youngest sister's open window that still longs for her sailor's return.
